PROFILE

Graduated in Computer Science Engineering with top grades to become Software Developer. Equipped with a diverse and promising skill set in technical and non-technical fields. Proficient in various platforms, languages, and embedded systems. Able to effectively self-manage during independent projects, and collaborate as part of a productive team. Looking forward to enhancing my knowledge and getting hands-on experience.

SKILLS

Java	JavaScript	Bootstrap	Photoshop
C Programming	HTML	SCSS/SASS	
Python	CSS	Illustrator	

EMPLOYMENT HISTORY

Freelance, Fiverr Jan 2021 – Jan 2022

I tested websites and apps on Fiverr, troubleshooting UI/UX, frontend issues. Working with international clients improved my communication skills and understanding of different work styles. I earned USD payments and 5-star ratings, making the experience rewarding and grateful.

EDUCATION

- Radiant English Academy, Surat : Class – X (2016 – 2017)
- Radiant English Academy, Surat : Class – XII (2018 – 2019)
- University/College, B.Tech CS (2019 – 2023)
Dr. A.P.J. Abdul Kalam Technical University, Lucknow
Vidya Knowledge Park, Meerut

PROJECTS

BrightBrain - An All-In-One Student Resource Platform: I with two team-mates created BrightBrain with video lectures, tutorials, tools, and projects. Our aim is to enhance students' academic experience and skills by simplifying the process of finding reliable online resources.

WOM: We developed WOM - Wireless Operated Motorized Car, a Bluetooth-controlled car using an Arduino Uno board, DC motors, Bluetooth module, and motor driver. It moves in four directions, and has applications in disaster surveillance, etc.

INTERNSHIPS

Entrepreneurship & Innovation: Web Development, Moreton Bay Regional Council: The Web Development Virtual Experience Program taught us HTML, CSS, and JavaScript, and hands-on creation of a website, enhancing critical thinking and problem-solving skills.

Developer Program, Accenture: Forage's Developer Program covered key developer skills with practical exercises, making an engaging virtual experience.
